Rhonda Carrera was born November 28th, 1979 and gained her wings to fly with the angels on the early morning of April 16th, 2019. She was a loving mother, a tremendous friend, and a one of a kind woman and she will always be remembered in our hearts everyday. Rhonda leaves behind 4 children, a significant other, and numerous friends and others whom she referred to as family and last but certainly not least her lovable but feisty dog Girly-Girl! The family will be holding a celebration of life and a balloon release in her honor within the next several weeks, we will be posting all information on her Facebook memorial page in the next few days with further information on that memorial for Rhonda Carrera.

“ God I miss you every single day, I keep expecting you to just walk through the door but it never opens. I know your watching over me every day and that helps.

“ Missing Rhonda so much. She was a one of a kind special person & BFF. She could make me laugh no matter what the situation, & this is the kind of true laughing that made your sides hurt & your eyes tear up. Rhonda was the kind of friend you could count on being there for you. One time we needed someone to be home when our son got off the school bus, so Rhonda decided to fly from another State to be here for my son. That is the kind of true friendship I will always remember Rhonda for, and she did many wonderful things like this for me over the last 14 years. Even though our backgrounds & lives were very different, no one has ever known or especially understood me better than Rhonda did. She knew me better than I knew myself. She not only accepted me with my faults, but embraced me for them. This to me is the sign of a genuine good person, which is why I am proud to call her my BFF and look forward to the day when we will laugh together again.
