“ Deepest sympathies to all of Barbara's family. She was a wonderful woman. I met Barb around 1996-97 because of our mutual love for dachshunds, and we were both members of the Des Moines Obedience Training Club. Barb played a huge role in getting the Central Iowa Dachshund Club started, and we were able to use her property for earthdog tests for many years. We wouldn't have been able to get the club started if it hadn't been for her and Larry. I was always impressed with her drive and ambition. Whenever we discussed her jobs, it was obvious that she enjoyed working, and she enjoyed being busy. She also enjoyed showing her dogs. Even in June, she still had plans to attend our fall obedience trials to show her border collie in obedience. I'm sorry that she didn't get that chance. I will miss her energy and spirit.
