“ Your mom had a great laugh. Phil and I enjoyed our visits together. I can see her sitting at the counter in your kitchen preparing vegetables for the veggie tray for Thanksgiving. She talked a mile a minute while she worked. Was so happy to help. Always had hugs for us when we came to visit. Never missed sending a Christmas card with a message. Every year. Something we old folks still do. □
I'm glad she is rejoicing in heaven with Ronnie (the love of her life), Margaret her parents and the special people that went before her. May she rest in peace. May all of the best and beautiful memories stay with you always.
Much love,
Mama C and Dad.
