

## Bertha Alice Ford Gates

October 14, 1923 - October 25, 2022

How do you do justice for your beloved mother, grandmother and auntie she was always there with love and guidance through the ups and downs the celebrations and challenging moments of our lives. She was one classy lady that was very talented sweet that had a long and fulfilling life, and will be greatly missed.

She will be going back home where she was born for her Final Resting Place in Chinook, WA

She had a fond memory of her father. He would wake the kids by crowing like a rooster, and he would say "chinook by the sea what a wonderful place to be" May she rest in peace.

# Tribute Wall

“ *I had a wonderful relationship with my dear sweet Auntie Beth. I will forever cherish her phone calls, where we would spend hours talking about her life. She was a very talented lady, a wonderful seamstress, painter, sculptor, doll maker, and maker of ceramics. I loved hearing her stories and will treasure them forever. I will love her always.. until I see you again in Heaven.. my amazing Auntie... your niece, Nancy*

“ *I shall miss my sweet Auntie Beth.. she was such a breath of fresh air! I loved her phone calls where we would talk for hours about her life, her loves and how proud she was of her daughter. Life was not easy for her, but she always did the very best for her mom, daughter and herself. She worked hard and was so talented! She painted sculpted, did ceramics, cooked, and was a class A seamstress. She would tackle any job with the best attitude! I loved her dearly and will forever miss her love and laughter..*

AS

“ Aunt Bertha was a favorite of my sister's and I. She and our Mom canned, baked and shared so many happy events together with us! We girls thought she was beautiful inside and out. She always had a beautiful smile and was happy to share in whatever we were doing at the time. My latest post from her was "you are so sweet". She always told me that! I loved her with my whole heart and she returned the love with her whole heart! Anita 🌹
