“ Let me start by saying I have never met Bonnie in person....she and I have only spoken on the phone over the past few years. She was such a huge impact on my life, when I was a newbie just learning the ropes - Bonnie was the most kind, and encouraging support! I was always blessed anytime I spoke with Bonnie! I loved to commiserate with her when I was having a bad day. By the end of our phone call, Bonnie would have me laughing hysterically. I looked so forward to the times I spoke to Bonnie, as everyone else has shared - her infectious laughter just made my day. I was devastated to hear of her passing, I can't imagine never hearing her laugh again! Bonnie was such a special, sweet, spirit. I will forever remember you Bonnie and the light you shone into this world. May your family and friends take comfort in the fact that you brought so much joy and laughter into so many lives. Love you Bonnie!

“ I spoke with Bonnie many times on the phone and she helped me with many payroll questions, mess ups and issues. She listened when I needed to blow off steam about an issue and we laughed so hard so many times about something one of us did. I missed meeting her by a few minutes when her and her husband stopped by the terminal to say "hello". I was upset I missed her, but thought "well there will be another time in the future that we will meet face to face", but I was wrong. We will meet again Bonnie, just not in this lifetime. My sympathy to her family and friends. She is missed and I think about her everyday.

Bonnie and I were in accounting classes together at DSU. We worked on projects together and studied many hours together. She was a very warm and delightful person that was always cheerful. My best memory is when Bonnie and I wore Burger King hats to an accounting final exam and we pretended to shed tears and wipe our eyes because the test was so hard. We both passed the test with flying colors due to our many hours of studying. Now I wipe the tears from sorrow of losing such a wonderful friend.

“ *I remember many small things. Playing Uno with her and her family; watching Up and laughing that the bird's name is Kevin and when the dog said "squirrel". The boisterous, powerful laugh she had. The hilariously absurd words, sounds and sayings she would produce. I wish I had more time to know my sister better but, at least I had the time I did.*
