“ I was a tech on one of the hospital units miss Carmen was on before she passed, I took care of her for close to a month and everyday I walked into her room to see a bright smile and be greeted with “hola my sweetheart!!” Taking care of Carmen was the highlight of my day for that month, even when I was swamped busy with a massive patient load, she was always there with a positive attitude to give me that much needed step away from some chaos (even if she was just asking me to come fix her phone keyboard for her lol) I’m very sad to hear of her passing and I wish all of her loved ones the best. You’ll be missed, Carmencita

“ My heartfelt condolences and prayers go out to Karla, family and friends. Although I never met Carmen in person, I had the privilege of serving her as her health insurance agent the last few years. We had many phone conversations about faith, forgiveness, living life for God and how much she loved her church and her daughter. A couple of times we even prayed together. I’m thankful for those phone conversations and know that I will see her again some day.

“ My heart goes out to the family and close friends of Carmen. She was a strong believer in Jesus. I remember one time in our ECBC Sunday Adult Bible class that she, and a Hispanic young man and I decided to discuss the Bible lesson in Spanish at our table! So at a Chinese church we found common ground in a language we three could communicate in!

“ *My mother was always a strong, determined, and persistent woman and adventurous person, capable of taking risks without any fear.*

*Despite all her health difficulties, she remained firm in her desire to live and fought against all of it for many years.*

*She has always been a very strong believer in God and in having faith.*

*Many of us who have known her have learned to have patience, love, compassion, and faith.*

*She had a friendly, talkative personality; she liked being surrounded by people and loved food. She left us far too young, but I know she is happy and free from all discomfort.*

*I love you, Mom, and you will always be in my heart and in my memories.*
