“ Oh Tubby. Where to begin. We hope you knew how much we love you and how missed you will be. Your beautiful smile didn't just light up any room but our hearts as well. You had the most contagious laugh to go with your sense of humor. You could keep us all laughing. You had plans for after high school that we knew you would accomplish. You always worked hard for what you wanted. You were a wonderful friend to our son, always. That we will always cherish. You were taken too soon and we will always feel robbed, but we know you are at peace. Soar high and free, and know we will see you again one day on the other side. All our love always.

*I cant believe this is real, gonna take a long time to quit shaking my head, crying, and asking why. I will never forget the time we had together, enrolling you in school. You wete so stressed, and you got your hair cut at a "salon" cause you wanted it "right". Spread your wings over me from time to time, I'm sure I'll feel your presence. You were striving to be free, now you are. Will miss you forever. Love you always, MaMaw.*

“*Cayden was very impactful to my life and many others. I experienced some of my warmest memories throughout my childhood growing up with Cayden, and watching him grow from either near or afar was a blessing to me. I know he was doing great things and it pains me to know that he cannot continue to do so just like I know he would've. I won't forget him, he was just like a brother to me. Time couldn't change that and it won't change at all even with his loss. LLC 🕊️❤️*

God needed you more in Heaven than we needed you here. No more worries, will never forget how handsome you looked with your hair cut. From time to time, wrap your wings around me, let me know you're thinking about your MaMaw. Love you always.
