“ Oh how I enjoyed spending time with my friend, Connie! She had such an unusual perspective on life and I could always count on her for a fun adventure wherever we went. I loved Connie’s sense of humor and her laid back attitude. She knew how I collected precious moments and her mother, Connie, Penny, and I went on a road trip to Carthage Missouri to visit the museum there. We had such a great time. We also spent a day or two at the farm, the “get-away from it all, stress reliever” average. What a beautiful place! Connie was a joy to work with at St Luke’s and she kept me calm on more than one occasion when I had a heavy workload or working. a highly stressful shift. Connie made my career at St. Luke’s so much more enjoyable. Connie would find the most unique gifts. And at least 1/4 of my Christmas tree is currently adorned with ornaments Connie has given÷ mailed to me over the years. She was such a good friend and I will miss calling her and talking for an hours. God rest your soul Connie and until me meet again.....
