PM

Halloween will be different as he always decorated up their front yard when I lived 2 doors away. Been gone for 7 years, last saw him shortly after Bob Rocha passed away. They will be drinking beer once again together.

“*Dave was my first friend in the neighborhood. Just before Ms. Gordon's 2nd grade class. My friend for 61 years. The Carpenter family treated me like family and have me many early childhood memories. We were Webelos, Cub scouts, Boy Scouts, little league, roommates after high school and like brothers. Dave excelled in carpentry and tooling leather. He was a barbecue enthusiast and a good neighbor. May you rest in peace my friend.*

“ Dave was one of the most awesome and caring men I have ever been blessed with the opportunity to call my friend. He was the neighbor on the block that was always there. My Mom and him had grown up together, and he was there my entire life, making him more like a family member than just a neighbor. Dave helped me through so many hard times I can't even count them. He was always there when I needed him with the kindest words and wisest life advise. He helped me through personal issues, work issues, home issues and the loss of many good friends and family members. There were 2 people on the block that I had the upmost respect for, one of which was Dave and the other was Bob Rocha. I find comfort knowing they are both up there able to sit back and enjoy a cold one while catching up on lost time. Though this loss is a very hard one.... It's never goodbye, simply until we meet again. Rest in peace brother. Heaven truly did gain an angel
