Donna Delight Thompson Asher
August 29, 1933 – May 11, 2016

Donna passed away peacefully from natural causes at Kansas City Hospice House after a parade of visitors including one dog. A beautiful woman, she married twice and had two daughters – Kathleen (Kathy) Adelle Asher (December 4, 1951 – September 9, 1962) and Janet Lynn Asher Vreeland (Long Beach, CA). Donna was an excellent student and graduated from nursing school at the age of 62. As a clinician she was respected by her supervisors and loved by her patients for her work at the University of Kansas Medical Center and Kansas State School for the Blind. She was fiercely funny, had an artistic eye and the ability to spot fashion trends that transcend time and place such as the pink bandana she wore on her head to the end. She is greatly missed by Janet, son in law Bob, and friends. Donna rests alongside Kathy at Mt. Moriah.
