“ Dorothy will be dearly missed by all of us. She was kind and loving to all. My mother-in-law was very nurturing and always willing to help in whatever way possible. She gave me unconditional love from the first day I met her. Lots of advice on many topics and advice when I needed to hear it most. Through the years she has nurtured me as if I were her own daughter. She was always there to help us raise our children. I couldn't of done it without her. I'm so very thankful and blessed to have had her in my life. Her love will continue to illuminate through us. When I look at my spouse, Wade, and our children (Will, Seth, and Emma), I can see Dorothy shining through them. She had a special place in her heart for all her grandchildren. I love her so much. I look forward to that blessed day that I will be reunited with her in Heaven.

“ I will miss her forever I have so many wonderful memories she was the perfect mother in law for me. Every day I called her soon as I walked out the door from work I would ask her what are you doing? She would say just sitting here doing nothing I would laugh then she would laugh because over the three years at my job when I called that's what she would say doing nothing we talked about a lot of stuff miss you granny I love you

“ *Everything in my mother's life was for the benefit of someone she loved. She was always the most selfless person I have ever known. Her love knew no boundaries. Every good memory has her in it. Everything I see or touch has her fingerprint on it. Mom taught me how to love unconditionally. A stronger advocate I will never find. I miss her so much it hurts, but I only need to look in the mirror to see that she is not gone. Her love lives on in each one of my heart beats. She loved me here as her son, and her gracious love lives on and on....*
