

Elizabeth Dang

September 13, 1969 - July 20, 2020

On Monday, July 20, 2020, Dr. Elizabeth Dang passed away at the age of 50. Elizabeth was born on September 13, 1969 in Saigon, Vietnam.

Elizabeth earned her bachelor's & medical degrees from University of Missouri-Kansas City School of Medicine. She was a Lieutenant Commander in the United States Navy, as a flight surgeon in a Marine helicopter squadron. After 12 years, she returned to her roots continuing in cardiology supporting multiple hospitals in the local Kansas/Missouri area and was Director of Cardiovascular Services at Belton Regional Medical Center. She loved serving her community, including patients she grew up with, and even her father's former patients.

Elizabeth was also a loving daughter, sister and auntie. She will be dearly missed by her family and all her colleagues, friends and patients she personally touched. She is survived by her father, Dr Robert C, her mother, Ann, her brother, Robert A, sister-in-law, Heather and niece and nephews, Mitchell, Kristin, and Patrick. She will be laid to rest in Oklahoma City. There will be a remembrance for Elizabeth at 10am, August 2nd at Menorah Hospital upper parking lot. In lieu of flowers, donations may be made to the American Heart Association, KCMO chapter or the University of Missouri- Kansas City Medical Center.

“ Elizabeth was one of the best interns we worked with in the Navy. She was kind, caring, and attentive to every detail. Just heard this sad news and sending our deepest sympathies to her family.
Sincerely,
Asha and Chris Devereaux

“ A wonderful memorial/remembrance for Dr. Elizabeth Dang was held this Sunday morning at the Menorah Hospital gardens. Against the beautiful gardens backdrop, heartfelt stories were given by her closest colleagues and friends. The memorial was attended by so many people: some from her hometown and local KC area and some from Colorado and New Orleans. I know I wasn't able to make enough time to talk and thank everyone, but know that my family is truly touched by your kind words and short stories of Elizabeth's impact on you. And thanks to those who also posted online tributes. What a wonderful way for all of us to mourn and celebrate her life together. Elizabeth, you will always be remembered and will continue to live in our hearts!

“ Dr.Dang treated both of my parents with such a caring heart. Sometimes my Mom would have to remind them that she was the patient, especially when the two former Navy members started talking. Such an intelligent lady with the patience to listen and genuinely care about her patients! I know her family misses her and they should be very proud of the wonderful lady they raised. Prayers to them and to all her patients (and their families) that will miss that joyful, loving soul.

“ She had such a joyous soul you could see it shining in every smile. She had the warmest hugs and was always ready with supportive and kind words. She cared for me and recognized me even when the vagaries of the medical system took me elsewhere. I pray that she lives on as the inspiration for kindness and humanity in our profession.

“ My first memory of dr Dang was when she was a young lady helping us as a candy stripper in the radiology department at Cass Medical Center. She was energetic, fun and smart. Then I had the pleasure of meeting her again when she came to Belton Regional Medical Center where I also work. She became the cardiologist for my family and we loved her expertise as well as her continued friendship. Always a friendly word when passing each other in the hallway. My thoughts go out to her family. She always kept me up to date about her parents. She will be missed. ❤️

Dr. Dang was my cardiologist. She was the most uplifting Doctor that I have ever ran into, always greeted me with a Hug and How do you Feel today. She had a heart of Gold!! I would try and talk her out of taking Meds and her answer is Why would you want to stop when it is working. She always found the time to explain everything and a wonderful Doctor. You can go to Belton Research and they all loved her but I am sure Menorah loved her just as Much. I followed her from Belton. God has gained a beautiful Angel. We shared the same birthday Month which she always took off during that special time Dr. Dang you where a great Dr and Loved my all Really going to be missed my all of us Condolences to her family

“ I will forever be grateful for the care I received from Dr. Dang. She always had a reassuring smile that provided me with great comfort and security as I went through open heart surgery. I just saw her on June 30th and she remembered my plans to take my daughter on a trip to Disney. She encouraged me to go live my life and fill it with lots of joyful memories. I will miss her dearly.

“ Dr. Dang was my cardiologist. She was the warmest, kindest person as well as a Dr.. Dr. Dang was exceptionally knowledgeable in her field but her heart was always present in our visits.

I will greatly miss our regular visits and her big hugs.

Dr. Dang was a wonderful human being who left us way to soon.

My condolences to her family, friends and colleagues.

“ Dr. Dang was the first doctor ever to really listen and really talk to me (not at me).
I loved Dr. Dang and loved having her as my heart doctor.
I feel like she was the BEST ever.
My prayers and hugs goes out to her whole family. May God give you peace.

Dr. Elizabeth Dang was one in a million. She'd been my cardiologist for the past 8 years and there will always be a remembrance of her with me throughout life's journey. Dr. Dang cared for me with such expertise and compassion. Her humor and joyfulness will be greatly missed. As my cardiologist she will be missed but also as a beautiful soul. May God be with the family at such a time as this.
