“ I've know Mrs Eula for years as both of our residences were on Chestnut in KCMO we were neighbors. I remember this tiny little person with a soft voice and a pretty smile although tiny she didn't take any mess from anyone. Either. Although we haven't see or spoken to one another I did manage to see her on Thursday in the Hospital before her passing. Mrs. Eula was in good spirits and very playful with her older sister Gail. I asked if I could pray with her and she said yes, Although she is now with the Lord I consider that short time with her, one of my sisters and Myself fondest and unforgettable memories with her. Thanks for allowing us to visit with her Gail.
