“ I'm so very proud to call you my “uncle” my super hero, larger than life and most handsome man in the world. My eyes always looked at you from a little girls eyes and did until the day you left this earth. Now with Aunt Sondra in your arms joy of tears fill this little girls eyes knowing you are now with your other half. I love you always and greatly miss you...but, I know you are where you should and need to be.
