“ *Gloria Wilson was one of the bright spots of my Monday afternoons at REAP where we both volunteered. I worked at the front desk, but Gloria did the hard work in the Pantry, putting together food orders for REAP's clients. My partner, Jim, and Gloria used to give each other a hard time, and had a lot of laughs from that. Gloria was a character. Jim called her "Maxine" after the Hallmark character, and she said she had never heard of Maxine! Gloria and I went to lunch together a few times and got more acquainted. She was a lovely woman, inside and out, and cherished her family and friends. We miss her but feel blessed to have known her. Our condolences to her family! --- Marilyn Hayner*
