“ I was young when i lost my grandpa, i had so many good memories with him i dont think i have enough time in my life to type them out. I miss him dearly and ive been thinking about him a lot lately, everything i do in life is to make him proud, i like to belive hes walking by my side through life, highs, lows, all of it. I miss him dearly and wish he could still be here with us.

“ My name is Tom Stazzone, Howard and I worked together for a number of years. I remember when we were looking for someone with Howard's skill set at the company. We flew Howard to NY and had a car pick him up at the airport. He arrived at the office and we began our interview process with Howard. He said something that day that I will never forget - "Tom, I am a very dedicated person, if you give me a chance, I won't let you down". Well that was 5 1/2 years ago, and he never let me down. He was a kind, thoughtful and respected person who would do anything for anyone. He was a real great guy and we are deeply saddened today. His family and friends are in our prayers. Howard meant a lot to the people of this organization, it's difficult to find someone with intelligence, integrity and a true commitment to the team. He will surely be missed.
