

Hugh Edgar Wallace Jr.

September 12, 1962 - October 22, 2022

Hugh Edgar Wallace Jr, of Kansas City, died on October 22, 2022, at 60 years old, after a three year battle with cancer. Hugh was born September 12, 1962, in Kansas City, the son of Hugh Wallace and Willa O'Quinn.

Hugh (Hughie) was the fourth of seven children. He was the only male for seven years until finally twin brothers arrived to support him with the sisterly, female clan. He will be having a reunion with his father Hugh Wallace, his sister Pati Wallace, his nephew Alex Huber, as well as many friends, grandparents, and other relatives that passed before him. Hugh loved to cook and was the chef at family functions, so they all will be very happy to see him!

Hugh leaves behind his daughter, Sadie Wallace, his mother Willa O'Quinn, his sisters; Lorna Ford, Cathy Finch, Rena Bowman and two brothers; Ted and Fred Huber. He leaves behind many nieces, nephews, and a world full of friends.

Hugh loved to fish, mow and seek brass bargains at garage sales. Hugh was a peacekeeper and always thought of others before himself. He was an old soul born too late and would have made a great cowboy on the range. Hugh loved and lived the outdoor life.

Hugh lit up a room and inspired others just being Hugh. He was magnetic and

did not realize it.

He was a wonderful father, son, brother, grandson, uncle, and friend.

We will respect Hugh's wishes with no services. Toast to Hugh with your preferred drink at a time that is best for you.

Hugh, this is not goodbye... but until we meet again.

“ *From Sadie Wallace , Hugh's daughter*

My dad passed early Friday morning. After a long battle with cancer, he was shown mercy and called Home to find peace and rest in his eternal life

To all his friends and family, he was so loved and we thank you all for any smile or memory you shared with Hugh Wallace . He was a loving father, son, brother, uncle, friend, and so much more to so many. His kind heart and contagious humor will be his legacy, we saw pure selflessness and the meaning of a humble lifestyle through him. To give and never want, to love and never hate, these are things I've learned from my father.

He is free from the pain and limitations of his ailments, and for that we are grateful. Please share pictures, memories, and prayers with our family as we navigate through this loss.

We plan to have a gathering in the next few weeks and I will share when more details have been determined.

Love You Always, Dad.
