JM

“ You were only 14 when we met, My heart is so full of memories. There aren't many friendships that can survive 56 years but ours did.. Growing up at Lake Lotawana was such a gift. You were the best story-teller. I would laugh till my cheeks ached. Larry was a close second in that department. I am missing you so much I can hardly stand it. I will miss your phone calls.
Love
Joanie

“ Jim always called me good lookin' when I answered the phone when he called my husband and joked with me about how he would take care of me if my husband weren't around. Before his diabetes diagnosis, I made him cookies at Christmas and he was my buddy! Rest well, Jim! Hugs from Ginger
