“ Rick, We were planing to come but a dear friends funeral is the same day and our daughter is planning to go to it so was expecting us to go with her since it is Boonville, Mo and her husband can not go with her so we don't want to make her go alone. Wanted you to know how much I loved your mother and Aunt Vera. They were both a big part of my life growing up. I loved spending a good part of my summers with them. Uncle Milt and Aunt Margaret were the perfectly parents in my book. They took us to town every Sat. Eve, ice cream cones and other lovely treats and my favorite part was Aunt Margaret singing to us all the old songs all the way there and back. She helped us make doll clothes and gave us all the old catalogues she saved for us to cut out paper dolls. Carol was a good deal older than Vera and I, in high school when we were in grade school and as I remember usually had her nose in a book. She loved to read. I knew your father, in fact think I met him when your mother first did as well but I was young and did not pay a lot of attention to the older young people. Just wanted you to know how much a I loved them and how important they were in my growing and learning stage of life. I cherish their memory and so my heart goes out to you and your family at this time of loss. Clark and I would love to come by your shop in Independence some day if you still have it and hopefully have a visit with you. I feel bad for not being able to come and hope you understand. Love and blessings to you and yours.
