“ *The Oline family is a wonderful, wonderful family. They took in a kid from Oklahoma for 2 summers in the mid-80's so he could play baseball for the Clarinda A's. A very warm, inviting, loving family, they made me feel as one of them. I remember Kory letting me use his yellow truck and to ransack his 80's cassettes for music on road trips. I remember that he loved basketball and on occasion would join him and his buddies at the local court to play games. Kory had a great sense of humor and I am grateful I got to know him and his family, if only for a short time. I am heartbroken to have discovered this news, so many months later. I will always cherish those days in Clarinda, IA. Jeff Parks*
