“ *Memories of you.*

Where to start is really difficult . So I will begin with playing spoons at your mom's house with everyone diving across the table. I was sure that it was going to give way under everyone. Oh how loud it was when everyone was excited.

My grandma made me go out with you and Mary so you wouldn't get into trouble. Well that resulted in a lot of dairy queen for me to keep my mouth shut. We spent loads of time going between Uncle Tuffys and Aunt Martha's. Spending time with Cliff and Jamie. The time we had running around liberty listening to rock and roll in Mary's car. I still appreciate that music.

I'd have to say the thing I loved about you the most was how real you were. You called it like you seen it and everyone always knew where you stood. You where fears and loveable. You will forever be remembered as a beautiful part of my life. God bless and fly high. I will love you always. Your little cuz.
