“ *Marcia was one of my best friends from junior high through college at UMKC and beyond. We had a lot of good times together. Thinking of Marilyn and Bill.*

“ *I should have commented a year ago; I don't know why I didn't. Mrs. Connaughton was a favorite teacher, both as a freshman and as a senior. She was passionate about education and ancient Egypt. She graciously accepted an invitation to a graduation dinner, along with the other members of "the BBC" and it was so special. Every time I see a personalized licensed plate, I think of her, joking about having one. I hope she knows how her legacy lives on.*

“ *She was a firecracker and that is just what I needed in a teacher. She loved us so much and wanted the best for all of us. She attended my brothers funeral and I wish I could do the same for her but she definitely knew her Hickman kids loved her. Love ya Mrs. C.*

“ *Ms. Connoughton was one of those teachers you don't forget! I had her for Western Civ and will never forget that she told me I was going to make a great mother some day...it always stuck with me.*

Was my favorite teacher. Because of her I became a history teacher too.

“ *One of my favorite teachers in high school, but loved running into her around Grandview as I got older even more. We would often run into each other at our vet office because we both have a love for animals. She will be missed, but she will definitely live on through all of us that she's made an impact on.*
