“*Mary Jane is my aunt. I say is because she always will be. We shared a birthday. When I was little that upset me. As I got older I learned to share. Now I always think of her on our birthday and am glad she shared hers with me. I have lots of memories from years ago that I hold dear. It was great having aunts young enough to "play" and put up with me when I was little.*

“*I have loved Mary as a sister for many years and I still do. Her life has been and is an inspiration to all who have known Mary. My thoughts and prayers are with all the family through this time of missing her earthly presence and a time of celebration of her life.*
