“ Sweet Megan,  
God has you in his Kingdom.  
You are free of the earthly body that held you  
prisoned .  
You are free to Dance, Sing, and Rejoice in a  
new light.  
God had this plan for you that no one on earth could control.  
Those that continue to walk this earth will mourn your passing and  
miss you each day.  
We share the tears of your family, not because we are angry you  
are no longer with us but because we can not see your physical  
being each day, for who are we to question God's plan.  
Rest In Peace Megan.
