“ I didn't know Mike, but I've known Kathy since high school. Losing a loved one to a progressive disease is a tremendous heartache! The final exit for our loved one is never what we expect. The blessing of their being released is the final, life long journey we begin. Prayers for peace and rest for you Cathy! Caring for Mike was a true act of unending love! Prayers for all who loved Mike. May his family find peace. May he rest in peace!

“ Mike was my brother and I will miss him dearly. I will miss his smile and his laugh and our long talks about the Lord and the bible. He was a great brother.
