“ A part of me passed away the day you closed your eyes for the last time Nancy. I have so many many memories to cherish of both Nancy and Cin – your friendship and love – and the sound of your laughter will stay with me forever. Has been a joy and a pleasure to share time with you over the past years - I will never forget that February night in 2020 when we had that marathon of a Skype call as I watched my first SuperBowl with you and your family and celebrated The Chiefs win. We never made it to your bridge over the Thames did we? - but next time I am there you will be with me in spirit Rest well in Peace Nancy – memories will live forever in so many hearts that you touched .

“ I remember when we were kids and spent hours at the pool at our duplex in Shawnee! We would swim, listen to music and even make up dances! Summers were fun together!

How lucky am I to have something that makes saying goodbye so hard.
