“ *When we were growing up I always admired my cousin Nancy's beautiful voice and ability to play the guitar. I would sit and listen to her and believed no one could possibly sing as pretty as her :) I believe she will be the most beautiful singer in Heaven :) I love you Nancy xo*

“ *Nancy always slept in a long black nightgown at my house & one night I was sound asleep in my bed, it was very dark & I heard a noise. I woke up & saw a dark figure by my bed holding a broom & I screamed! It looked like a ghostly apparition, but it was your mom whispering my name & telling me there was a bat flying around in her room because she left the window open. Needless to say we fought that bat together for a long time before we got it out & could go back to bed. Its funny now, but it was a crazy night! Lol!*

“ Your mom & I were very close growing up & even after I got married. She lived with me at least 3 different times & was living with me right before you were born. Then you & her lived with me in Denver for awhile. We haven't seen each other for many years now, but she was always in my heart. We had so many fun times together in the past & I will always hold those memories close to me. I will always love her & miss her, but I know I will see her again someday & she is finally set free to dance & fly! I love you Nancy very, very much. Meet you on the other side.
