“ So sorry and saddened to find this out. I sat next to Randy in the Warwick Community Jazz Band for several years. I think he was in junior high the first year. An adult and a kid sharing the same passion for jazz and saxophone. He was a sweet guy who handled his Hotchkins with grace and resilience. His passion for flying was truly inspiring. My thoughts are with his family and friends.

“ Randy was my young neighbor in Warwick. He was a curious child, always tinkering with mechanical objects and full of questions. He had a gentle, sensitive soul and was always sweet to his little sister Leah. I lost touch, many years ago, when he moved, but I will always remember the little boy who was quick to laugh and possessed a radiant smile. I am so sorry to see he passed and may his family keep close the memories of the short time they had with him.
