“ Tadpole Rescue

My fondest memory of Randy is when it had rained for weeks and there were puddles all over his back yard we had went to visit GG. Randy said Irene let me show you something. I said ok not knowing what to expect from Randy. Out in the back yard there was puddles of water with hundred of tadpoles in them. I asked him if they would turn into frogs before the puddles dried up. Randy said NOPE!!! with that half smile of his.

I said well, looks like you and I have a job to do...He looked at me and knew he had showed me the wrong thing. I asked him where the buckets and jar's were because he and I were now on a save the tadpole mission. Randy laughed and went for the buckets and jars. Not once did he call me crazy!!! Well, maybe once or twice crazy was said.

Randy helped me put hundreds of tadpoles in my car. Even followed me home to help fill the little kids pool with water. Once or twice Randy dropped by just to check on our tadpoles. Most of them did grow up to become frogs..

Randy I will miss you

You always knew how to make me SMILE!

I LOVE YOU, Your sis-in-law Irene
