“ My deepest condolences to Ric's extended family. I met Ric early in 2011 during a very exciting time at MINI when business was booming! He never complained about anything, always greeted me with a smile and had that unmistakable "radio" voice. I used to tease him that he should drive a MINI instead of a pickup truck and he loved that old truck. Motor On Ric!

Sincerely,

*Patrick McKenna

“ 15 years ago next month, I met Ric at Baron BMW. I was brand new there and he helped me sell a new car to a guy in Little Rock, AR over the phone. The guy jumped on a bus, Laura picked him up at the bus station the next morning, and we delivered a new BMW to him. The point being here, is that Ric went over and above to help me, the brand new guy. I'll never forget it. You will be missed, old friend.

“ It was 2010 when I initially had the pleasure of meeting Ric when he was the General Manager at Baron MINI. It didn't take me long to see the passion and dedication he had, not only towards the MINI brand, but to his team and his customers. He was a fantastic partner who always saw the glass as "half full". I recently reconnected with Ric (after about 8 years) during a visit to Baron BMW. His warm smile, genuine demeanor, and positive attitude felt just like the day I met him years prior. To Ric's family, on behalf of the Central Region of BMW North America, we stand with you as you mourn his loss and like you, we will cherish the fond memories from this day forward.

Sincerely,

*Broderick K. McKinney

“ One thing I will always remember about Ric is. We used to get in our window behind the front desk and play (Hey grand pa what's for supper) Ric would come up with the most amazing meals and get us both hungry! He would say it in the most detailed way, that you can just picture on what was on the table. Then we would move on to our bologna and cheese or peanut butter sandwiches. As a joke of course.

Miss you Ric!!

“ I started calling on Baron MINI back in 2009 when Ric was the MINI Sales Manager. My visits to Baron quickly became something I looked forward to every month and it was due in a large part because of Ric. He was truly a funny, kind and genuine guy and I enjoyed my time with him at every visit. We also had some time together outside of work, and our trip together to the Super Bowl in 2014 still stands out as one of my best moments with him. You will be missed my friend.

“ I met Ric in early 2013 and knew immediately, Ric had a heart of gold. By that time, Ric had been an employee of Baron for several years and you could tell he had passion for Baron and the MINI department. It sure was fun working with you Ric, we both grew a ton together at Baron. Thank you for all you have done for Baron and GP1. Prayers for you and your family, gone way too soon, that is for sure!

“ Ric helped brighten my office at Baron Bmw after the remodel. The flowers he brought, that someone had left behind, make me always think of him and bring a smile to my face. I also have a Kleenex box in my office he just loved and he would always come grab a tissue. It was such a pleasure to see him and get to talk to him. We loved to joke around. He will be greatly missed. My deepest condolences to his family and friends. What a great man Ric was. Brooke Suggs

“ Oh my friend, my neighbor. I am really gonna miss all the “good mornings” out back and the Sunday evening grill time. Jokes over the fence at one another. Chats in the yard, bonfires in the driveway. Hearing you talk about the family and updates about the girls. Listening to you with your grandson~my heart would melt. It just won't be the same. Thank you Ric for all the laughs, having my back with the neighborhood crazies. You are one of a kind and such a caring soul. My prayers are for your family to find peace and comfort. Rest easy, friend, rest easy.~

“ Ric and I worked together for 7 years at Baron and I will always treasure our relationship.

Ric, Although the dealership was filled with great people you stood out as one of the Best! I loved your wit, work ethic but I was always amazed at how you were able to take everything in stride. Thanks for sharing your time with me and you will be greatly missed by everyone that knew you.

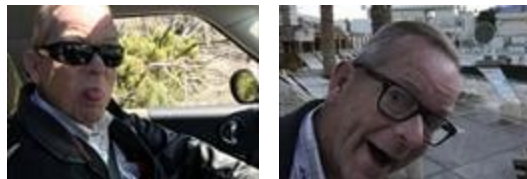

Prayers for the family,

“ One of my favorite memories of Ric was when we went to Palm Springs. Off-roading, people watching, and racing at Thermal... I will never forget the amazing amounts of laughter and the fun we had on that trip. You were definitely a positive influence in my life and so many more...

“ Ric

You were a great manager, teacher, and friend. You helped me to achieve many of my awards with MINI that allowed me to go on Grand Travel trips, the latest one was in South Africa. Thank you. I never once saw you raise your voice or get mad. You were always cool, calm and collective. There are so many funny memories of you, from all the Halloween parties and cleaning up the next morning to working with all of our customers that you touched. One of the best ones is when you would imitate the “Beaver character, sales pitch” you would always correct me and say he’s a “Badger,” we would ‘chuckle’ and you would proceed to do your imitation of the “Badger” the one where the Badger says “there’s no wiggle room” and you would move your hips around like Elvis and the Badger combined. It was the funniest dance and you would walk around the showroom saying “wiggle, wiggle, wiggle.” I watched your kids grow up from middle school to nice young women and then came the grandkids. Bringing the kids, grandkids, and fur babies to work was always fun to see how they grew. You would always ask how my kids are doing and even my dogs. Ric, you were taken too soon from all of us. I will miss your shuffle around the dealership.

“ *I have known Ric for 20 years as co-worker. I am sorry that I didn’t get to know him better away from the job. I recently had surgery and Ric reached out to me every day I was out of work. He was a kind and caring person and I will miss him. I can’t imagine how much he will be missed by his family. Rest in Peace Ric.*

“ I have had the pleasure of knowing Ric for over 20 years. Unfortunately it was only as a co-worker. I am sorry that I didn't get to know him better away from the job. I recently had surgery and Ric reached out to me every day I was away from work, I never realized what a fine human being he was, until it was too late. I will miss him very much. All my condolences to all of his family, I can't imagine how much he'll be missed by them. Rest In Peace Ric.

“ I've known Ric since I started at Baron BMW/MINI almost 14 years ago – from when I was a receptionist to where I am now within the company. He essentially watched me grow up over the years here at the store. As a Manager of mine when I was a receptionist & Co-worker I want to say there will be a huge void here at Baron. I will miss his humor, quick wit, his fun quirks & all the great stories he had over the years. It was a privilege to work with him & I'm even honored to say he was a friend. I will forever remember him even taking the time to check in on my father when he recently had surgery & just being such a kind hearted person. Wishing the family peace, comfort & courage during this difficult time. Ric will forever be in our hearts – Kristy Pellegrino

“ Mr. Commystock... Things aren't the same around here man. You brought a level of positivity and compassion that can't be replaced. Quotes by Comstock was one of the funniest times every Saturday morning. All the memories people have of you will never be forgot. You will always be a very important part of the Baron family. I have received an outpouring of support from people you impacted all over the country. Emails and calls from VPs of MINI and BMW that remember you because you impacted their life. I am very fortunate to have spent these last 4 years with you. Thank you for just being such a great dude. Godspeed on the next journey and may it be as amazing as the last. I will miss you Ric.
