“ Steve I was so sad to hear of your passing but I think of u as a bright shining star who is finally at peace. I know you suffered alot but I also know you must have still kept people laughing. I know you were a loving person and a great husband, father and grandfather. I remember taking u to the emergency room one day when you got sick at work. We talked a long time and I am glad I had that time with you. I also remember when you dressed in that funny suit but I don't remember why you did it - seems like maybe your boss said something about the dress code. I will think of u occasionally and that will put a smile on my face. Glad to have known you on this earth and now you are making lots of people laugh. Until we meet again - Suzanne Smith
