“ My name is Paul Stone and I worked with Sue Mae at N. KC hospital for about 15 years. I had the pleasure of being Sue's manager. I offer sympathies to Sue Mae's family and know that she so,so,so loved her kids! She talked to me a lot about how her little boy grew big and played football...then she would laugh like only Sue could. Sue had a great work ethic and infectious laughter. She challenged me with ways to make the hospital better and I think I challenged her with ways for our group to work more smoothly together. Sue was one of the few women who were floor and surface technicians and she was very good at what she did. I remember how Sue was so proud to be the first one to get her picture in the hospital newsletter, sitting on the hospitals first-ever riding floor scrubber. Sue had a love for flowers and she blessed her Nurses and others with some very impressive arrangements. I remember the day Sue retired from the hospital and we lingered and talked long after her celebration was finished. Sue had her struggles as we all do and she was very honest and open about the things she wanted to change and improve...she was a great example for me and I wish her family peace, healing and good memories. May God hold you in his hand at this difficult time. Paul Stone

“ I am deeply saddened to hear of Sue Mae's passing. I can still see her smiling face and happy disposition. She never fails to talk to me in Chinese, despite my limited Chinese.....she just wanted me to practice it and didn't want me to forget my heritage. Very hardworking and always dependable.
